

Hannah's Insights

Two Myths and One Truth about the Energy Crisis

by Hannah Wise, our external editor

Europe fears an energy crisis this winter. Hannah Wise explains in this short video why a cap on energy prices is not a good idea, why we should continue to rely on the free market, and why we need to further liberalize the Swiss energy industry.

A Media Policy for the Digital Age

by Jürg Müller, Basil Ammann and Laurenz Grabher

In the coming weeks, we will focus on Swiss media policy, which is trapped in analog patterns. Our new study analyzes the media system, outlines short-term measures and develops ideas for a sustainable media order in the 21st century.

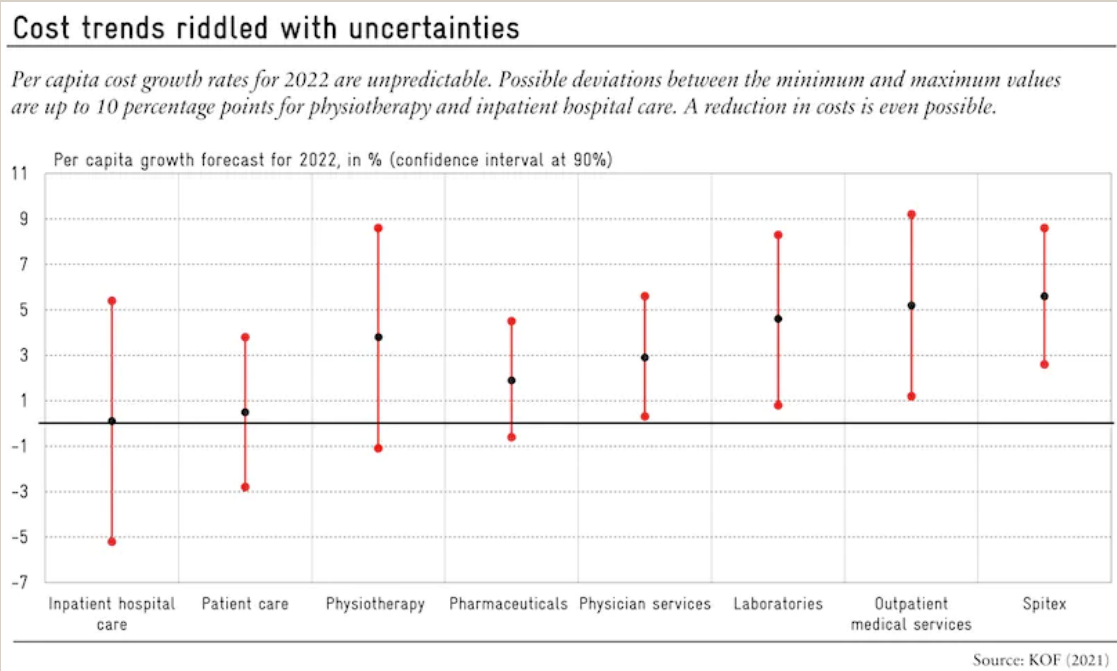

Other Highlights:

Outcome of OECD Tax Reform Uncertain

Arguments for streamlined implementation without government policy experimentation.

Steering healthcare costs without a flight plan?

A set of measures to cushion the rise in healthcare costs on the basis of “medically and economically justifiable” cost targets is at risk of crashing
